1 We should **protect** ✓ our wildlife before it's too late. Many animals, such as the tiger or the giant panda only exist in very small numbers. One reason that these animals are in danger is because people **cut down** ✓ the rainforests. This destroys animals' homes.

2 Also, it is very dangerous for us. We know that carbon dioxide is one of the gases that **cause** ✓ global warming. We also know that rainforests help to reduce carbon dioxide. So, rainforests help **prevent** ✓ global warming, and help people, too.

3 We need to **do** ✓ more research into saving our rainforests before we

Listen and choose the correct answers. Pay attention to intonation.
