Complete the texts with places in a country.

- 1 This is my favourite place. It's in Wales. I go there every summer. It's a great place to go swimming in the sea. It has a big, beautiful beach, where you can stay in the sun. And there are big cliffs. You can walk on the top, and see a very long way.
- 2 I am from Italy, from a place called Tuscany. It's a quiet place and it's a good place for walking, or visiting old towns. You can travel by bicycle here, but there are a lot of hills, so it's not easy. I live on a small farm. We have some fields with olive trees and some sheep.
- 3 You can see my favourite place in the photo. It's called Delicate Arch, and it's in Utah in the US. It's in a desert – there are no trees here and it's very hot and sunny. People come up here in the evening, when the sun goes down. Delicate Arch is a beautiful red colour. It's at the top of a valley and you can see the mountains behind it.
